Cadets "Sail" Into Camp McGrane

LAKE LEVEL UP 3 FEET ABOVE NORMAL

A team of three from the provincial water resources department will try to determine why the lake level of Lac la Biche is three feet above normal.

Soundings will be taken of the contour of the lake bottom at the outlet in an effort to see if something is blocking the outflow of water.

Torrential type rains this summer from Athabasca through Lac la Biche to the Cold Lake region are believed largely responsible for the spectacular rise.

F. L. Grindley, director of water resources, said an automatic sonic sounder will be used to take a profile of the lake bottom at the outlet and aerial photos will help pinpoint any "humps" which might give a clue as to any obstruction.

"The obvious thing," he said, "is that the water is entering the lake faster than it is leaving. We cannot rule out the possibility of beavers causing difficulty — it's happened before on other lakes. However, we feel there should be a levelling off now."

Weeds plugging the outlet have also been cited as contributing to blocking the outlet.

Dredging at the outlet would lower the lake, but commercial fishermen, anglers and conservationists think the water level should be left alone. Farmers and some others think the lake should be drained to lower it.

Meanwhile, the water resources branch of the agriculture department is keeping an eye on the lake. Gauges have been placed in the water and a man on the scene reports regularly to the branch office in Edmonton.

Glen Williams New HBC Manager

LAC LA BICHE — Glen Williams, who has had eleven years experience with the Hudson's Bay Company, has been appointed manager of the local store here.

Mr. Williams came to Lac la Biche from Hay River where he was manager of the Hudson's Bay Company store. Previously he served at Reindeer station on the Arctic coast, Ft. Smith, Fitzgerald, Ft. Norman and Sturgeon Lake in Alberta.

In 1957 Mr. Williams married Miss Jean Simpson of Sudbury, Ontario. The Williams' have one baby son Patrick.

Former manager Ed Garnet is holidaying at his cabin at Beaver Lake with his family, after which he will be assigned a new posting.

Big Increase In Work Done This Year On District Roads

By T. W. PUE

The Lac la Biche district is favored with better road construction weather this year than last year. That is the word of road sub-foreman Philippe Lemay.

This week work was scheduled to start on up-building the road to the golf course. About half a mile of road requires attention, alongside the lake, where the high water has inundated the roadway.

Mr. Lemay, with his crew, has just finished similar work on the government road leading to Camp McGrane. In addition, sections of

Boat Returned To T. W. Pue's New Lake Home

An aluminum boat removed without the permision of the owner, T. W. Pue, publisher has been returned to Mr. Pue's new lake home at Camp McGrane, near the Mission.

The boat, taken from where it was kept in the town of Lac la Biche was recovered after an advertisement appeared in the Herald urging its prompt return to avoid prosecution.

VOTERS GIVE NOD TO LAC LA BICHE TOWN-OWNED GAS SYSTEM BY-LAW

At a plebiscite held July 25th, Lac la Biche voters told the Town in no uncertain terms that they want a Town-owned natural gas system. Those voting for by-law No. 326 to authorize the Town to sell debentures in order to finance the Town-owned utility, were 171, while those opposed numbered 17. There was one spoiled ballot.

With approval given to by-law No. 326, the Town will proceed to prepare debentures amounting to $210,000. These will be offered for sale as outlined in the by-law and steps will be taken to put into motion a plan which is expected to put natural gas in Lac la Biche homes before the month of August is over.

Indications are that the provincial government will purchase up to half the debenture issue, with local subscribers being given first opportunity to purchase the balance. Development of the Town's scheme for a municipal gas system has been followed with keen interest both by local residents and other Alberta Towns.

Fisheries Boat Used As Heavy Rains Make New Road Impassable

In spite of rainy weather which caused postponement for one day, the annual Sea Cadet camp got under way on Monday, July 25th. A lot of work had been done on the road to Camp McGraine but because of the heavy rains it was impossible to get in over the new grade.

The problem was solved with the co-operation of the Alberta government fisheries department and the cadets were transported across the lake by the local fisheries boat in charge of Gordon Lee. The weather improved and sunny days were enjoyed during the whole of the camp period and the new grade which had to be built because of the rising waters of the lake seems to be holding out well and therefore the cadets appreciate this effort by the department of highways as well as the co-operation of the fisheries department.

This year there are boys from Lac la Biche, St. Paul and Calmar participating in the camp. Recently Fr. McGrane, who is in charge of the camp, assisted by J. H. Wolstenhome and L. Southwick, spent a month on naval training at the Pacific coast. He was invited by the U.S. Navy to assist in establishing Sea Cadets in conjunction with that body who wish to pattern their Sea Cadets after the Royal Canadian Sea Cadets.

While at the naval base in Seattle Fr. McGrane also made arrangements for some of the local Sea Cadets to visit the American Sea Cadets and a group of American Sea Cadets will visit the Lac la Biche camp. This will most likely take place next summer. He has now returned to his parish at Calmar.

Also this year the Sea Cadet Camp was under the sponsorship of Mr. and Mrs. T. W. Pue of Sun Publishing Co. Ltd., publishers of the Lac la Biche Herald.

At the conclusion of the camp many prizes and awards were given out and this was made possible by the generous response of the following Lac la Biche merchants who donated cash or merchandise for the prizes and to help out with the camp expenses:

Wolstenholme's Jewelry, Lac la Biche Creamery per Louis Badry, Lac la Biche Cafe, Albert Abougouch, Alberta Cafe, Eli's Store, Pruss Pool Room, H. Lobay Hardware, McLeod Hardware, Varze Cleaners, Tri-Way Service Garage, H. N. Mawson, Lac la Biche Sales and Service, Hayward Lumber, Vi's Beauty Parlor, Imperial Oil per Chas. Lebas, L. Shewchuk, W. J. Ilnicki, H. McCormack, M. Maccagno, Robinson Stores, Lac la Biche Mercantile, York Hotel Cafe, J. Hamar, Mike Hamar, Roy Raines (who also loaned a boat for the camp), Rudiger and Sons' Garage, E. Coutney Pool Room, Hudson's Bay Company, Hamilton Construction, Stewart Drug, Johnny's Cafe, Royal Cafe, Patry's Bakery, George Homeniuk, O.K. Motors, Ed Hawirko, A. L. this stretch before the turn-off to Badry's beach had to be up-graded where slough water had risen and covered the road in parts.

Alongside the lake, a section of road had been washed out and new grade built and the road reinforced with truckloads of rocks.

District highway repairs came in for early attention this year, with considerable patching work done on Highway 46.

Mr. Lemay has been assisted by the following district men: Felix Rissoli, cat loader and 'dozer; Angelo Giacobbo, with small bulldozer; and truckers Metro Nikolaichuk, Pete Nikolaichuk, Ray Manca and Robert Hanson. Both Mr. Manca and Mr. Hanson are government employees operating Department of Highways trucks.

All department of public highways work in the Lac la Biche district is under the supervision of district road foreman Howard Hanson.

Keep these dates in mind:

1. Athabasca Fair, August 9 and 10.

2. Westlock Fair, August 17 and 18, entries close August 13.

3. Edmonton Horticultural Show and Provincial Horticultural Show, August 16 and 17, deadline August 12.

B. McCutcheon

If your garden has escaped the hail perhaps you should consider showing your produce at the local fair.

4-H Garden Club members should exhibit wherever possible.

To help you in preparing your exhibit of cut flowers, plants, fruits and vegetables the Alberta department of agriculture has prepared "Judging Standards for Horticultural Shows." This is available from your nearest district agriculturist or from this office.

We also have "Standards for Judging Foods, Clothing and Handicrafts" which you may have upon request.

The aim of fair boards and exhibitors should be:

1. To encourage high standards of workmanship and to aid in teaching proper methods of performance.

2. To encourage more efficient use of products available in the home.

3. To encourage originality.

4. To encourage production of goods that will make homes more attractive.

5. To encourage homemakers to adopt new and better methods.

6. To teach the value of high standards as a factor in marketability of products.

Marriage is not a solution to all problems, but it solves most of them.

There seems to be a scarcity of sea monsters and flying saucers these days.

Wed In Winnipeg, Motor To Noral For Honeymoon

Wilford Woychuk exchanged marriage vows with Theresa Antoinette Luptak on June 4 in St. Alphonsus Church in Winnipeg.

The bride wore a gown of white lace-trimmed silk organza over taffeta with a fitted bodice and a very full hooped skirt. Her headdress was a pearl-trimmed crown with flowing veil. She carried red roses with shattered carnations.

The groom was attired in Navy whites.

After the wedding, the couple left on a honeymoon trip to Noral where a reception was held at the groom's parents' home, Mr. and Mrs. Fred Woychuk, on June 10. About 200 guests were present.

The couple will make their home in Winnipeg, where Mr. Woychuk is stationed with the Royal Canadian Navy and Mrs. Woychuk is a school teacher there.

Fire Razes Home Of Breynat Pioneers

Fire of unknown origin burnt the home of Mr. and Mrs. Benoit Plamondon of Breynat to the ground.

Even with a very rainy day the house caught into flames and before help could be called the house was an inferno of flames.

Mr. and Mrs. Benoit were away at the time and Mrs. Phelias Plamondon, was alone at home. Unable to save the Benoit Plamondon home everyone from Church rushed over and managed to save the home of Francis Dupperon and the Benoit Plamondon Store. They saved only the clothing they wore at the time.

COUNTY OF ATHABASCA NO. 12

County Plans Second Coaching School for Grade 12 Supplemental Examinations

Plans are being finalized for the second annual Coaching School for Grade 12 Supplemental Examinations, to be held in the Edwin Parr Composite School, Athabasca ,from August 8th to 13th inclusive, for those students who failed two subjects or less in the 1960 Grade 12 Departmental Examinations, or those who wish to improve their marks. Students from surrounding school systems, and adults, will be admitted.

Fully qualified, experienced teachers, under the capable guidance of Mr. George J. Zytaruk, B.Ed., B.A., M.A., will provide instruction in the required subjects.

Classroom hours will be from 8:00 a.m. to 12:00 noon and from 1:00 p.m. to 5:00 p.m. daily. There will be supervised evening study periods from 7:00 p.m. to 9:00 p.m., with attendance on a voluntary basis.

There will be no tuition charge for County students, and room and board will be paid by the County for County students staying at the Anglican Hostel.

Students from surrounding school systems, outside of the County, will be accepted, but these students will be required to pay a tuition fee of $10.00, and pay for their room and board.

Registration forms are being mailed to all County Grade 12 students. Those wishing to take advantage of this school are requested to submit their applications as soon as possible after the Grade 12 Departmental Examination results are received, and before Saturday, August 6, 1960. Applications may be submitted by letter, telephone (Athabasca 16) or by telegram.

All inquiries relative to this school should be addressed to A. W. Burzloff, Assistant Secretary-Treasurer.

The decision to hold a second coaching school was motivated by the success of the first school held last year. The full cooperation of students and parents is requried to ensure its continued success.

Athabasca, Alberta, July 22, 1960

A. W. BURZLOFF, Assistant Secretary-Treasurer.

Lac La Biche DA Posted To Ryley

Hon. L. C. Halmrast, minister of agriculture, announced that transfeds of district agriculturists have been made as follows:

Mr. Stanley C. Powers has been transferred from the district agriculturist office at Lac la Biche, to take over the office at Ryley left vacant by the recent transfer of Mr. N. A. Chomik to Vegreville.

Mr. Powers was appointed district agriculturist at Lac la Biche June 1, 1958, after having spent two years as assistant district agriculturist at St. Paul. Mr. Powers obtained his B.Sc. degree in agriculture from the University of Alberta in 1950. Prior to commencing university, Mr. Powers spent five years in the army.

Mr. Fred Strashok, who has been district agriculturist at Smoky Lake since 1950, has been transferred to the district agriculturist office at Lac la Biche.

Mr. Strashok obtained his B.Sc. degree in agriculture in 1932, after which he farmed for several years, then worked buying grain for one of the larger companies. He served in the army for three years, 1942-45, and after being discharged was field supervisor at Lamont until his appointment as district agriculturist at Smoky Lake.

Attendance At Bridge Opening Goodwill Move

Edmonton's position as the supply centre for the north is being seriously challenged today, according to Jack Weber, president of the Edmonton Chamber of Commerce.

This thought has a bearing on the Chamber's request to have a number of Edmonton businessmen fly to the official opening of the $5,000,000 bridge across the Peace River at Dunvegan on August 31.

Mr. Weber feels that a strong representation of Edmonton businessmen at this important bridge opening would clearly demonstrate "our continuing interest in northern development and most certainly improve our relations with the Peace River people."

Arrangements have been made with Pacific Western Airlines to fly a group of 25 Chamber members to Grande Prairie where a chartered bus will take the group to Dunvegan .The flight will return from Grande Prairie to Edmonton the same evening.

Traffic Death Toll Shows Sharp Rise

Alberta's traffic death toll took a big jump in June with 39 people killed on the roads, 15 more than in June of 1959. In June of 1959 24 people were killed on Alberta highways. The death toll to the end of June this year stands at 126 compared to 101 at this time last year.

In announcing the figures, Alberta Safety Council manager Paul Lawrence expressed grave concern over the large jump in deaths, 35 of which occurred in rural Alberta and two each in Calgary and Edmonton.

"There are two ways to cut deaths and serious injury," he said. "The obvious one is to have fewer accidents, but a more immediately attainable way is the use of seat belts. They prevent death in about half of the potentially fatal accidents."

He outlined five safety tips which would reduce traffic accidents on rural roads. These are:

—Keep you eye on cars ahead and behind. Don't follow closer than a car length for each 10 m.p.h of your speed.

Never violate a "no passing" zone. When you want to pass take into account the possibility that the car approaching may be speeding and will reach your position before you can get back on your own side of the road.

—Reduce speed on gravel roads and at night.

—Be extra careful whenever visibility is poor; in rainstorms, on dusty roads and at dusk.

—Don't fight fatigue. Give in and take a rest.

Injuries and accidents declined during June, with 543 injuries against 625 last year. There were 1,697 accidents compared to 1,822 in 1959.

The injury total for the first six months of the year was 2,409 down 12 per cent. The accident total was 10,352, up two per cent.

Reside In Lamont After Wedding In Oriental Rite At Plamondon

St. Isadore Church was the scene of a beautiful double-ring ceremony at which Helen Mischuk was given away by her father, Mr. Stanley Mischuk, to Steve Kamelchuk of Prosperity.

Father Pawliuk from the groom's parish offered the High Mass in the Oriental rite. Mr. Choma of the Boyle parish led the choral group in response to the Mass. Mrs. O. Chevigy played the Wedding March as the happy couple left the church.

Th bride was adorned by a beautiful princess-line waltz-length gown of silk organza with a dainty lace bodice and lily point sleeves. A chapel length veil speckled with sequins was held in place by a glittering Swedish crown of pearls and teardrops. Gold set aurora borealis earrings, a gift of the groom, matched the sparkling crown.

The groom wore an impressive dark suit, dark tie and black shoes. Sterling siler cuff links and tie bar worn by the groom were a gift of the bride.

Attending the bride as maid of honor was Diana, the bride's sister of Calgary. In assistance were also three other bridesmaids; Dianne Kazmierak of Grassland, and Cassie Dowhaniuk of Plamondon. The groom was attended by Mr. Mern Hritzin of Edmonton; Mike Kamelchuk, the groom's brother; Peter Makar of Athabasca, and Peter Mischuk, brother of the bride.

Pretty Julia Barranoik of Boyle was the bride's flower girl and Wade Kudryneski of Edmonton acted as ring bearer.

The mother of the bride wore a pleated blue and white arnel dress highlighted by a pink corsage of roses, a pearl necklace and earrings. Mother of the groom was dressed in a teal blue crepe dress also set off by a pink corsage of three large roses.

The bridal party motored to Athabasca to take photographs and returned via Prosperity to Plamondon Hall where the reception took place.

Following the reception, Mr. N. Chodan, the master of ceremonies, called on the most unprepared bride for a few words of appreciation. The bride's gracious response was well received. The groom, however, was then called upon for the "last" word. His brief response paid tribute to the bride's parents for their generosity and hospitality. He also paid tribute to his own parents for their untold sacrifices.

Following the reception meal, the newly-weds were generously presented with many beautiful gifts and financial donations.

During the reception dinner, music was provided by Mr. Emil Plamondon and son Jeremie and Octave Chevigy. A public dance followed the reception. Music was provided by George Sauer and his orchestra.

A few days after the wedding, the newly-weds set out for Niagara Falls on their honeymoon. In September, they will make their residence in Lamont, Alberta, where Mr. Kamelchuk will be employed by the Lamont School Division.

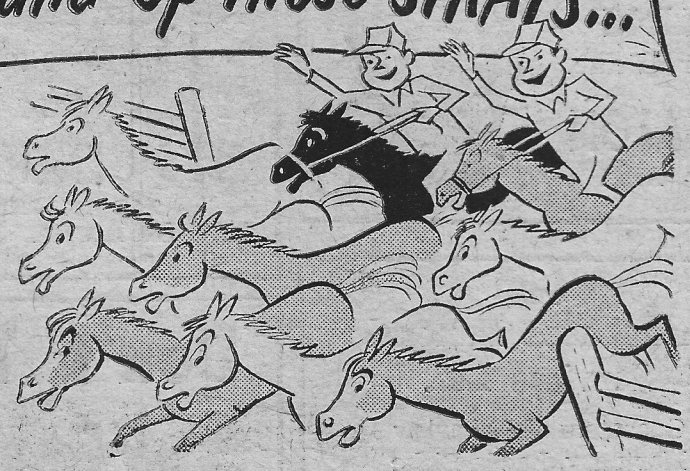
It's Time to Round Up Those STRAYS...



LET'S MAKE A SERVICE DATE *NOW*... WHILE WE BOTH HAVE TIME!

"Straying horsepower" is picking the pockets of farmers everywhere. And probably yours, too. Authoritative tests at the University of Nebraska proved *every* tractor loses power during a year's time; some tractors lose as much as 20 per cent. These losses cost you money!

Our skilled mechanics can round up that *straying horsepower* in a hurry and put your tractor back in top condition for economical, work-saving performance next season. Being trained in John Deere servicing methods, our mechanics know what to do and how to do it . . . quickly, efficiently. This means quality service at the lowest possible cost.

Right now . . . while we're not rushed . . . is an excellent time to have your tractor tuned up . . . or reconditioned, if necessary. Stop by the next time you're in town and let's talk over your service needs!

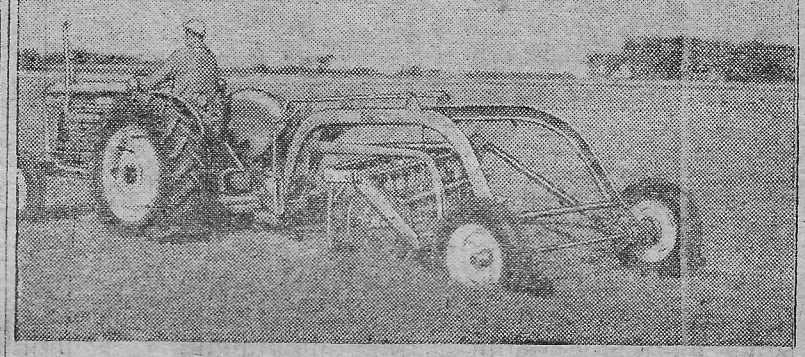
OLIVER RAKES

save more leaves



You'll save more with an Oliver Rake—semi-mounted, parallel-bar No. 107, or the pull-type No. 2. The 5-bar No. 107 cuts hay travel from swath to windrow almost in half, reduces shattering of valuable leaves. You can rake faster, too—do the job in half the time. A small diameter, 4-bar reel on the No. 2 turns slower, handles hay more gently, sweeps fields cleaner.
